DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2 and 4 recite "...with effects for far-infrared ray and anion". It is not clear what is meant by "with effects for far-infrared ray and anion". It is suggested that "with effects for far-infrared ray and anion" be changed to "said mixed layer irradiates far-infrared rays and anions".

Claim Objections

2. Claim 2 is objected to because of the following informalities: Claim 2, line 2, the "comprising" should be re-inserted after "pipe". Appropriate correction is required.

Allowable Subject Matter

3. Claims 2 and 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
